## Instructions:

- 1) Put students into groups of 3 or 4.
- 2) Cut the “items” page into four columns and give one column to each student in the group.
- 3) Cut the “shopping list” page into four boxes and give one box to each student.
- 4) Students take turns reading from their shopping list. Eg: “I want to buy a pet”.
- 5) The other students in the group try to convince him/her that one of their items is the best, using comparatives and superlatives.
- 6) The object of the game is to sell of all your items first.

**\*Note:**

The buyer shouldn't choose too quickly. Instead, ask the sellers questions to help them make comparative sentences. Eg:

Why is \_\_\_\_\_ better than \_\_\_\_\_?
