SURVEY SAYS... #3

100 people were surveyed. The top answers are on the cards.

INSTRUCTIONS:

- **Cut out** the cards and put them in a pile -or- cut out sections and give one section to each student.
- Put students into groups. (**Groups of 4** works well.)
- **One student** chooses a card and **reads the question**.
- Each player takes a turn to answer the question -or- all **players** can **shout out their answers**.
- After 3 or more wrong answers, the card-holder can give the players hints.
- **Score points** in the parentheses. (The number represents how many surveyed people gave that answer.)

CUTTING VARIATIONS:

CARDS

6 STUDENTS

4 STUDENTS

3 STUDENTS

2 STUDENTS

EXAMPLE: Demonstrate how to play using this example.

NAME SOMETHING THAT YOU FIND IN A CLASSROOM.

1. DESKS (32)
2. BLACK/WHITEBOARD (24)
3. STUDENTS (22)
4. TEACHER (14)
5. BOOKS (8)
