WHO SAID IT?

SET-UP:

1. Make groups consisting of 3-5 students (best with 4).
2. Hand out 1 question sheet per group and 1 answer sheet per student.

INSTRUCTIONS:

1. One student chooses and asks a question. The others write down their answers on the answer sheet.
2. The student to the left of the 'questioner' collects all of the answer sheets and randomly reads the answers.
3. The 'questioner' must decide who wrote each answer and receives 1 point for each correct guess.
4. Repeat with the student on the left now choosing and asking a new question.
5. Continue for a set number of rounds or time limit.

*note: The 'reader' should understand what is written on all the papers.
Stumbling while reading is a big clue for the 'questioner'.*

*note: Encourage your students to have a short discussion after each round.
It may be interesting to find out why certain answers were written.*

- 3-5 students
- 1 question sheet / group
- 1 answer sheet / student

- 1 student asks a question.
- Others write their answers.

- Student on left of 'questioner' randomly reads all the answers.
- 'Questioner' guesses who said it.
- 1 point for each correct guess.

- Repeat with new 'questioner'.
